

# WEAVERS GUILD OF MINNESOTA

---

*"In one word, "membership" means "community" to me. I became a member of the guild after attending one or two artist talks.... I was a spinner and had just started weaving using a rigid heddle loom. ... Here were people who shared my passions for spinning and weaving in some way, shape or form! Here were people who could answer questions I might have!"*

## Annual Report Fiscal year 2019 (September 1, 2018 - August 31, 2019)

## ABOUT

---

Founded in 1940, the Weavers Guild of Minnesota (WGM) has grown from an all-volunteer organization to one that offers more than 150 classes and fiber events year round, managed by professional staff. In 1974, WGM incorporated as a 501(c)3 and today maintains classroom, retail, and library space in Minneapolis. In 2019, WGM is led by a 13-member Board, with committees to support activities.

WGM's mission is "Preserving and advancing the arts of weaving, spinning, and dyeing." The organization approaches this with two broad aims: to educate interested parties at all levels of skill with a broad and deep range of opportunities and access, and to promote weaving, spinning, and dyeing as life-long activities that enrich lives. Success builds on a solid foundation of educational programs, outreach, and member activities, constructed over eighty years and deepened over the last fifteen as the organization has grown in membership, budget, and funding support.

WGM believes weaving, spinning, and dyeing are fundamental to the human experience and offers the only arts education program in Minnesota specifically focused on these three historic arts. Classes and resources draw students from across Minnesota and the region. As the largest weavers guild in the US, with more than 600 members, staff is used to hearing the repeated refrain, "I wish we had something like this where I'm from."

## MISSION

Preserving and advancing the arts of weaving, spinning, and dyeing.

## STRATEGIC PLAN WGM2020

---

WGM will have a national reputation as a vibrant arts organization in Minnesota and the region with innovative and high quality programming for weavers, spinners, and dyers of all skill levels.

### VALUES

1. WGM celebrates and respects all individuals from beginners to seasoned artists and craftspersons.
2. As a grassroots organization, we value the active participation of our volunteers, staff, and members.
3. We value traditional fiber techniques and culture as well as innovative, art-based uses of fiber.
4. We value a rich, positive environment that inspires lifelong learning in a non-competitive environment, nurturing a multi-generational and diverse community.

ESTABLISHED: 1940.

## OUTGOING PRESIDENT'S LETTER, Maddy Bartsch

---

As we wrap up another year, and look forward to the next, I'm proud of what our guild has accomplished in this year of building and striving.

As volunteers, you brought weaving, spinning, and dyeing to audiences around the state, helping viewers to connect with textile traditions that invite wonder and curiosity at every age.

The Fiber to the People program allowed WGM to engage in countless new opportunities to broaden our connections and build relationships with partners statewide to better serve our mission of reaching all Minnesotans. You have answered the call, drop spindles and rigid heddle looms in hand, to be a part of these events. Thank you!

Our community remains strong, united by the mission of advancing and preserving the arts of weaving, spinning, and dyeing. In addition to your time, you generously gave to support the finances of WGM, allowing us to end our fiscal year positively with more members, thriving educational programming, and the ability to sustain the excellent work we do.

I want to be sure to highlight the outstanding work of our staff members who keep WGM running smoothly each day, along with our Board of Directors, who provide direction and leadership. Members, you are the true reason we are all here; your participation, insight, and continued passion keep our mission alive and well.

A highlight for me has been the successful completion of WGM's partnership with TPT to create three 90 second "snapshots." These snapshots tell three distinct narratives about WGM and began airing on TPT in April, allowing us to connect to communities all across Minnesota. It has been thrilling to hear feedback from members describing how the snapshots have resonated with them. I invite you to view the snapshots on our website, I hope you are inspired.

As I look ahead to what's next, 2020 will bring with it our 80th anniversary, a new strategic plan, and continued work around equity and inclusion, accessibility and building new connections. I am excited for the work ahead and seeing where our connections, both new and old, lead us.

Maddy Bartsch  
Board President, Weavers Guild of Minnesota

## MEMBERSHIP & MEMBER ACTIVITIES

---

Members are the heart of the organization. As a member-led guild, members fill a host of roles, including serving on the volunteer Board of Directors, working with staff in committees and workgroups, and participating in programming which indicates interest and support for activities. What began in 1940 with twenty-six members has grown to be the largest guild in the country.

Membership remains strong and continues to grow. WGM ended fiscal year 2019 with 625 members, including 25 who are aged 30 & under. Ninety-five percent of our members consider Minnesota home, although we also attract members and students from across the country (17 other states in 2019) who come to WGM to take advantage of our classes, equipment and learning opportunities. Ninety-five percent of members identify as white.

---

*"I came in at 40 to be a rug weaver after a friend introduced me to the guild; it became 'the answer to everything,' where I could take classes, workshops, go to meetings, retreats. It became my social world—I could not have imagined that."*

—guild member since the 70s, at the Listening Session, fall 2018

---

### BENEFITS

Membership dues are \$50 or \$25 for those aged 30 & under. By paying dues, members qualify for a wide list of benefits. The two most commonly cited reasons for joining are to take classes and to join a like-minded community. Member benefits include a generous discount (of up to 20%) on classes/workshops, priority registration for classes, the ability to use and rent weaving and spinning equipment on and off-site, and receipt of WGM's member-only e-newsletter, *The Draft*.

Additional benefits include free or low-cost programming like member meetings and artist lectures, joining member-led interest/study groups, selling handmade goods in the annual Fiber Fair sale, access to WGM's Library and Swatch Collection, and exhibition and tour opportunities. Membership also means library privileges with the Textile Center library, the largest circulating collection of fiber and textile materials in the country, and conveniently located across the hall from WGM.

### MEMBER NEWSLETTER & COMMUNICATIONS

WGM's e-newsletter, *The Draft*, delivers up-to-date information about class offerings, exhibition opportunities, artist lectures and member events, and opportunities to participate. A typical *Draft* features an event announcement, a class feature plus a spotlight on a few upcoming classes, interest group announcements, member news, volunteer opportunities, a list of new

members and the upcoming schedule of events. The Draft is sent bi-weekly and is opened by more than 60% of members on average.

WGM sends a monthly email reaching more than 5,500 current and former members, students and other supporters with news of events, classes and workshops, development drives, and opportunities to support WGM and be involved. WGM also reaches our community through Facebook and Instagram, @weaversguildmn, #weavingMN, #spinningMN.

### MEMBER INTEREST GROUPS

Interest and study groups provide opportunities for participants to dive deep into topics of specific interest and work collaboratively on themed projects. Groups are member-led, which makes them a great place for members to get to know each other and build community.

One benefit of joining an interest group is access to unique or high-priced equipment. The guild-owned dobby loom sees most of its use by the Dobby Weavers. Other groups like the Scandinavian Weavers Study Group and the Rag Rug Study Group make frequent use of WGM's two Glimakra looms.

Newsletters and blogs written by the interest groups, such as the Scandinavian Weavers Study Group blog, document group activities and provide photos and inspiration. All but one current group meets at WGM. Nearly 150 members yearly take advantage and join an Interest or Study Group. The largest group is the Whorling Spinsters, who host the Annual Roc Day on January 1 to kick off the new year.

Active Interest/Study Groups: Banditos; Dobby Weavers; Draw Loom Interest Group; Fine Threads Interest Group; New and Occasional Weavers Interest Group (NOW); Portable Weaving Interest Group; Rag Rug Interest Group; Scandinavian Weavers Study Group; TuesDAY Spinners; Whorling Spinsters.

## VOLUNTEERISM & OUTREACH

---

The Weavers Guild of Minnesota was founded as an all-volunteer organization in 1940. Today, WGM relies on a generous volunteer community of members and supporters to serve as ambassadors of the organization. At events, exhibits, and festivals, WGM volunteers reach new audiences by bringing weaving and spinning to life and advocating for the guild's mission. WGM volunteers log over 3,000 hours each fiscal year.

Volunteers perform a variety of one-time and ongoing tasks. They serve on the Board of Directors, evaluate and price donated goods, maintain the Guild library and archives, act on committees and work groups (Finance, Education, Workshop, Archives, Outreach), volunteer in the office, coordinate on-site and off-site exhibitions, create ribbons for the guild awards at the Minnesota State Fair, and much more.

### DEMONSTRATIONS & ENGAGEMENT

Throughout the metro area, volunteers demonstrate weaving and spinning at festivals and events. The largest outreach event is demonstrating in the Creative Activities building at the Minnesota State Fair. There, WGM weavers and spinners volunteer 432 hours over 12 days, continuing a tradition that began in 1952.

### FIBER TO THE PEOPLE

In fiscal year 2019, WGM took a deep dive into historical and sustainable textile production methods through classes, field trips, and partner events. This activity was made possible by the voters of Minnesota through a grant from the Metropolitan Regional Arts Council, thanks to a legislative appropriation from the arts and cultural heritage fund.

Fiber to the People activities took place throughout the Metro region. In addition to demonstrations, off-site programs took new forms and centered participants in making and connecting around historical production processes with contemporary resonance.

## FACILITIES & RESOURCES

---

WGM is the anchor tenant in the Textile Center, leasing space continuously since 2001. The leased space includes three classrooms, two with abundant natural light, space on the interior walls for exhibitions, and room within each classroom for tools and resource materials. WGM holds the majority of its classes, on-site Interest/Study Groups, and committee meetings within our leased space.

In the largest classroom, WGM has weaving classes and supplies, including the guild's Schacht floor looms and computerized loom, inkle looms, and guild archives. Classroom two houses more weaving supplies, six Kessenich rug looms and two Glimakra looms, and our expanding collection of rigid heddle supplies. The third classroom is used for spinning classes and fiber prep and houses the guild's wheels, drum carders and fiber tools, as well as supplies for the donation volunteers and a space to store donated items before resale. The central room houses the guild store, Fiber Source, and office space, and leads to a small kitchenette.

Staff and members find creative ways to manage storage and equipment needs, such as storing donated books in the kitchen until they can be priced, using the space under staff desks for storage of special orders, and continually moving equipment between spaces to set up for classes. With more than 150 classes per year plus meetings, and with sales in the shop increasing, WGM finds itself at the limits of its space.

## FIBER SOURCE

WGM's small on-site shop is one of the few resources in the Metro region that carries supplies specifically for weaving and spinning. It's stocked with a wide range of new yarn, books and tools, and an ever-changing supply of donated goods. Yarn for sale includes perle cotton in three sizes, Harrisville wool, cotton carpet warp, and bamboo and tencel. 8/2 unmercerized cotton is the biggest seller, as it is frequently used for weaving kitchen towels, followed by 5/2 perle cotton which is used in numerous classes. The most popular book title for fiscal year 2019 was "Inventive Weaving on a Little Loom."

WGM is a dealer for Schacht Spindle (Colorado) and primarily sells Schacht weaving and spinning equipment. The most popularly purchased loom is the Schacht Flip the Folding Rigid heddle loom, likely because it is used in WGM's rigid heddle weaving classes and is available to rent. Having a dealer relationship with Schacht means WGM can provide customers with the option to order higher priced speciality equipment (floor looms, spinning wheels) from the guild. The rest of the shop space is devoted to sales of donated equipment, books, and yarn or fiber.

Fiber Source offers supplies specifically catered to the beginning weaver, spinner, or student who is starting their fiber journey at WGM. Sales of new and donated yarn, fiber, books and equipment were up 14% in fiscal year 2019 compared to the year before.

## DONATIONS OF YARN/FIBER, TOOLS, BOOKS

Thanks to the generosity of our community and Minnesotans at large, the Guild benefits greatly from donations of items related to weaving and spinning. Knowledgeable volunteers assess the items and price them to sell in Fiber Source or through the WGM (website) classifieds. Proceeds from donated items support operations and programming, with revenue included in WGM's Grants & Contributions.

In fiscal year 2019, revenue from donated goods totaled just short of \$36,000. More than \$17,000 came from sales of donated yarn and fiber. Sales of donated equipment was a close second, with \$16,000 plus. The donated goods sales exceeded budget goals, which is a testament to the quality of items generously donated to WGM.
